# WELCOME TO 2045

We are the **tuctuc scouts** of the future and we have a mission.  
No... we aren't from Mars.. Nor are we trying to get to the moon. Although... it would be cool!  
**Our mission is more... natural!**

We love exploring, fighting for our own kind, playing outdoors.  
And we want to keep doing it for many, many more years. In short, we want to leave the  
world a better place than when we came into it! To Max and all his furry friends.

# ARE YOU READY?

Always ready for a new adventure, he lacks nothing! He would do anything for his little dog, Max. And without a doubt, he is the leader of the group. But sometimes... nature and the desire to play distract him from the mission's objective.

## 001. MARC

She's up for any excursion, but always stylish, of course! She makes sure that there is never a lack of good humour, laughter and fun. If someone gets tired or gets lost along the way, Julietta will do her best to motivate them until the end.

## 002. JULIETTA

She is the youngest of the gang, but just as important as any other member, with her, fun is always guaranteed. She is always ready to play and her friends adore her.

## 003. ELSA

Vegetation, rivers, water, snow, animals... What is it about nature that makes us  
sooooooooooooooooooooo happy? Maybe it is the colour, the freedom it transmits or its texture.

# NATURE ALWAYS FINDS

# A WAY TO SURPRISE US.

The most adventurous, the one who makes the most of the day and always wants to go one step further (and if it were to the moon, even better!). Brave and daring. If you follow him, you might reach the highest peak of the mountain or the most hidden cave in the whole mount.

## 004. ENZO

She is full of energy. She gets bored following the path and likes to explore on her own. Although... she doesn't know how to live alone either! She has so much energy that she can share it with the whole group and still have plenty to spare!

## 005. SARAH

Nature calms him down. He transmits this tranquillity to the whole team. He is always prepared for any unforeseen event and will do everything possible to ensure that the expedition goes perfectly.

## 006. HERMES

In one word: versatile. She knows when the group needs an energy boost or when they need to relax. She knows how to adapt to all situations and although she is a little bit naughty, she is the ideal adventurer.

007. LIA
